

CARDIAC PROGRAM

Ultra Care works with patients, as well as their physicians, to create a care plan that is a perfect fit for their specific needs and goals. Our highly trained staff of medical professionals understand the cardiac disease process and can create a functional plan to increase the patient's ability to care for themselves independently, while helping the individual reach the goals they desire.

The Ultra Care Cardiac Program includes:

- Education on the disease process
- Step-by-step nutritional guidance and support
- Weight monitoring
- Medication management
- General lifestyle change instruction and support

Other Ultra Care Programs:

- Diabetic
- Therapy Service
- Wound Care

COME HOME TO ULTRA CARE

Ultra Care is a family oriented, full service home health care agency providing quality care to individuals in southeast Louisiana and central Georgia. The medical professionals at Ultra Care specialize in delivering compassion, along with a personalized solution to meet the needs of patients within the relaxing, comfortable environment of their home. Our services cover a vast range of diagnoses and are developed in conjunction with physician care plans to foster the best possible outcome for each patient. We accept Medicare and many other private insurance policies.

At Ultra Care, we strive to provide the highest level of patient care. It is this dedication that earned us the honor of being named one of the Top 500 Agencies in the country by HomeCare Elite in 2009 and 2011.
